## Job Advert

Are you passionate about making cities of the future better places to live – delivering on global sustainability goals, and making cities more resilient to the major challenges they face? Do you share our desire to improve the quality of life of citizens globally and to address social and economic inequalities - delivering on UN Sustainable Development Goals?

We are looking for an experienced, creative researcher to join the University's Institute for Future Cities (<https://www.strath.ac.uk/cities>). As a cross-disciplinary research centre located within the Faculty of Humanities, Arts and Social Sciences we deliver leading research and drive forward innovative solutions for cities. We work collaboratively with cities around the world, commercial organisations, governments, communities and citizens to create sustainable and resilient urban systems, improve wellbeing and health of citizens, and help reduce economic inequalities in cities.

This role will help meet our aspirations to tackle the major economic, environmental and social challenges faced by cities. You will identify and understand challenges for cities across the world, build partnerships to help address their challenges, drive forward research to enhance understanding of the issues, and research and develop potential solutions - collaborating with local partners to ensure more equitable delivery of benefits.

As our Urban Futures Research Fellow, you will be an integral part of our management team - engaging as an independent researcher on collaborative cross-disciplinary research projects. You will assist in applying for future research funding and will

be a Principal Investigator or Co-Investigator on Institute research projects. You will assist in developing knowledge exchange and policy briefings to ensure that the Institute's research has a strong, positive impact that makes a difference to people's lives in cities.

The role will suit candidates who have a PhD (or equivalent professional experience) in a relevant social science discipline and who can demonstrate an ability to generate research and impact in urban environments. Experience in applying for and managing grants is desirable, and you need to have a good record of participating in and developing networks to foster research collaboration and team building.

The role offers opportunity for international engagement, and significant opportunities to develop your skills, experience and professional profile in a wide range of international inter-disciplinary research and policy contexts.

The appointment is for three years in the first instance, with the possibility of extension.

## Job Description

### Brief Outline of Job:

This is an innovative role where you will pursue and establish high quality research on future cities on a global stage - including securing research funding and helping deliver on our ambition for transformational change aimed at improving the lives of citizens. You will work as part of the Institute's management team to set strategic agendas, and to deliver impact from our research and knowledge exchange activities.

### Main Activities/Responsibilities:

1.	Engage as an independent researcher to deliver individual and collaborative research establishing a distinctive programme of research relating to urban futures, including the development of new research methods
2.	Lead or co-author academic papers and disseminate results through regular publications in high impact journals, books and participating in conferences.
3.	Apply, as Principal Investigator or Co-Investigator, to appropriate external bodies for research funding - leading projects and managing grants awarded.
4.	As a key member of the Institute management team contribute to the Institutes' partnership development – collaborating with other organisations and cities across the UK, Europe and the world; with colleagues across the Faculty and the University; and with major funders to share information and ideas, and to develop research and knowledge exchange activities. For example, participating in initiatives that establish research links with civic leadership and influence public policy, inform development of research objectives, and identify potential sources of funding. This may require international travel on occasions.
5.	Assist in the management of the Institute's research teams (students and staff), providing direction, support and guidance.
6.	Contribute to Institute, Faculty and/or University supervision, teaching, administrative and management functions
7.	As a key member of the Institute management team plan, coordinate, manage & monitor projects and other activities for the Institute for Future Cities – liaising and negotiating with external partners, academic partners across the University and with project teams.
8.	As a key member of the Institute management team contribute to strategic policy and decision making
9.	Represent the Institute and provide input at both internal and external meeting and events – influencing and negotiating to ensure the Institute's interests are appropriately represented
10.	Plan and manage own workload, with guidance from colleagues as required.
11	Engage in continuous professional development.
12	Other duties required as directed by Line Management, commensurate with grade.

## Person Specification

### Educational and/or Professional Qualifications

(E=Essential, i.e. a candidate must meet all essential criteria to be considered for selection, D=Desirable)

E1 Good honours degree and PhD (or equivalent professional experience) in an appropriate field

---

D1 Professional qualification in a relevant discipline

---

### **Experience**

---

E2 Sufficient breadth or depth of knowledge in research fields relevant to urban issues to contribute to research programmes and to the development of research activities.

---

E3 Knowledge of qualitative, quantitative and mixed methods research gained through significant experience of conducting or managing various research within a practice relevant environment

---

E4 Experience in conducting individual and collaborative research work, including communicating across disciplines, task management, and engaging with or delivering knowledge exchange activities

---

E5 Experience of planning and organising workload, including delegating work.

---

D2 A growing publication record, and experience preparing public-facing outputs.

---

D3 Demonstrable track record in designing and delivering activities across a diverse and complex environment.

---

### **Job Related Skills and Achievements**

---

E6 Networking and influencing skills with the ability to nurture and sustain good relationships across the full range of relevant stakeholders.

---

E7 Ability to conduct individual research work, including research design, and skills in analysing data and writing and disseminating research.

---

E8 Ability to plan and organise research programmes to ensure successful completion, including to plan and organise own workload effectively.

---

E9 Ability to work within a team environment and to manage staff.

---

E10 Experience in developing research proposals including experience of contributing to grant applications.

---

D4 A body of published research in original, impactful publications demonstrating standards of excellence.

---

D5 Track record in knowledge exchange related activities.

---

D6 Experience in building relations with colleagues and external organisations

---

### **Personal Attributes**

---

E11 Excellent teamwork, communication and interpersonal skills, with the ability to listen, engage and influence; ability to build relationships with different stakeholders; ability to facilitate reflection to inform action.

---

D7 Research interests consistent with the strategic direction of the Institute.

---

D8 Able and willing to undertake occasional international travel as required to deliver the objectives of the role

---

## **Application Procedure**

---

Applicants are required to complete an application form including the name of three referees who will be contacted without further permission, unless you indicate that you would prefer otherwise. Applicants should also submit a Curriculum Vitae and a covering letter detailing the knowledge, skills and experience you think make you the right candidate for the job. Applicants should also complete the Equal Opportunities Monitoring Form.

## **Other Information**

---

Further information on the application process and working at Strathclyde can be found on our website (<http://www.strath.ac.uk/hr/workforus>).

Informal enquiries about the post can be directed to Richard Bellingham, Director, Institute for Future Cities ([richard.bellingham@strath.ac.uk](mailto:richard.bellingham@strath.ac.uk)).

## Conditions of Employment

Conditions of employment relating to the Research staff category can be found at: [Conditions of Employment](#).

## Rewards and Benefits

Our staff have access to a wide range of outstanding benefits that include financial rewards, family friendly and wellbeing benefits and career development opportunities, details of which can be found [here](#).

## Probation

Where applicable, the successful applicant will be required to serve a 9 month probationary period.

## Pension

The successful applicant will be eligible to join the Universities' Superannuation Scheme. Further information regarding this scheme is available from [Payroll and Pensions](#).

## Relocation

Where applicable, the University offers a relocation package to support new employees who meet the eligibility criteria. The relocation package is offered as a contribution towards costs incurred, and is designed to be flexible, allowing staff to use the financial support available in the way that will be most helpful to them. Further details are outlined in the Relocation Policy.

## Interviews

Formal interviews for this post will be held on 10/12/2024.

## Equality and Diversity

The University of Strathclyde is a socially progressive institution that strives to ensure equality of opportunity and celebrates the diversity of its student and staff community. Strathclyde is people-oriented and collaborative, offering a supportive and flexible working culture with a deep commitment to our equality, diversity and inclusion charters, initiatives, groups and networks.

We strongly encourage applications from Black, Asian and minority ethnicity, women, LGBT+, and disabled candidates and candidates from lower socio-economic groups and care-experienced backgrounds.

## University Values

The University's Values capture what we're all about: who we are, what we believe in and what we stand for. [Our Values](#) have been derived from how we act and how we expect to be treated as part of Strathclyde.

# Conditions of Employment

## Research Staff

### 1. GENERAL CONDITIONS

Members of staff are subject to the Charter and Statutes and the Ordinances and Regulations of the University, published in the Calendar, and to any amendments or additions thereto approved by the University Court and, in the case of the Charter and Statutes, the Privy Council. Staff are also expected to familiarise themselves with, and adhere to, general University policies and procedures, as published on University web pages.

The University Court recognises Strathclyde Universities and College Union (SUCU) as the sole body with which it will negotiate and consult on all collective issues concerned with the terms and conditions of employment of Research Staff. Such terms and conditions may be varied by the University Court after negotiation and consultation with SUCU.

Each member of staff is responsible for the proper performance of allocated duties to the person or persons specified in the member of staff's letter of appointment and any accompanying papers.

The University is committed to ensuring that its business is conducted in an open and transparent manner and will take all appropriate steps to address risks of bribery or corruption. Members of staff are required at all times to act honestly and with integrity and to safeguard the resources for which they are responsible. The University has in place a robust Public Interest Disclosure (Whistleblowing) Policy to enable concerns to be brought to its attention. This is available at [www.strath.ac.uk/publicinterestdisclosure](http://www.strath.ac.uk/publicinterestdisclosure). Other relevant policies, e.g. Fraud Prevention and Conflicts of Interests, can also be found on the University's website.

Any member of staff may at any time be exposed to commercially sensitive information, information related to potentially valuable intellectual property or information which may otherwise be of a confidential nature. This information, which could be found anywhere in the University, may be written or disclosed orally, can include information of a commercial or technical nature, and may be owned by the University or by third parties. The University requires all employees to keep any such information confidential in the first instance and not disclose, publish or otherwise disseminate it without prior consent of the University. Such confidentiality obligations are commonplace and in the commercial interests of the University. When in doubt advice should always be sought from Research and Knowledge Exchange Services prior to disclosure.

The University operates probationary periods for new staff, the duration of which will be specified in individual letters of appointment. The normal probation period for posts in this staff category is 9 months for those at grades 6 and 7, and 12 months for grades 8 and above. Further guidance on probationary procedures is published at <http://www.strath.ac.uk/staff/policies/hr/>.

Further guidance on probationary procedures is published at [www.strath.ac.uk/hr](http://www.strath.ac.uk/hr).

Further information on the terms and conditions specified in this document and other staffing policies and procedures can also be found at [www.strath.ac.uk/hr](http://www.strath.ac.uk/hr).

### 2. SALARY

Appointments are made at an appropriate salary point on the University's grading structure, with initial placing determined according to qualifications and experience. Increments are paid to staff on the 12 month anniversary of their appointment. Where this is not the first of the month, the increment will be paid on the first of the month directly

after the 12 month anniversary. This allows 1 progression to the next point on the salary scale until the top guaranteed point of the scale is reached.

Salaries are paid directly to staff members nominated bank account, normally on the second last working day of the month.

### 3. HOURS OF WORK

Working time is that required to fulfil the duties of the post. The University Court recognises that research staff carry out these duties in a variety of ways appropriate to the nature of the research activity, but expects regular contact to take place between the research staff employee and the supervisor/granholder (where these positions are occupied by different individuals) during normal working hours on week days. There are exceptions to this pattern which may involve contact at other locations or in the evenings, or at weekends, but these arrangement will be made with the agreement of the member of staff concerned.

Duties may, by arrangement with Head of Department/School/Director, include some teaching associated with the post (up to a maximum of 40 hours per semester) for which no additional payment will be made.

Additional work which does not fall within the scope of that described above may by arrangement attract payment which must be authorised and processed through the payroll.

### 4. HOLIDAYS

Annual leave entitlement is 31 days per year to be taken by agreement with the line manager. For staff members working on a part-time basis, holidays will be calculated on a pro-rata basis.

In addition to annual leave there is an entitlement to eleven public holidays per year which should be taken on days that the University is closed for this purpose. The University presently closes for four additional days over the Christmas and New Year period. **These additional days count against the annual leave entitlement.**

For staff members working on a part-time basis, public holiday entitlement will be calculated on a pro-rata basis.

Annual leave and public holiday entitlements should be taken in the leave year to which they relate. Up to five days leave can be carried forward into the new leave year subject to line management agreement. In exceptional circumstances, Heads of Department/School/Director may approve carry forward of accrued annual leave in excess of five days.

The University's expectation is that staff take all accrued holidays prior to their termination date. If staff have exceeded their entitlement the University will deduct an equivalent number of days pay from final salary payments.

## 5. SICKNESS ABSENCE

During any period of absence through illness or injury provided the appropriate notification and certification procedures have been followed the University will pay a member of staff (having taken account of the aggregate of all periods of absence due to illness during the twelve months immediately preceding the first day of the current absence) as follows:

<b>Period of Continuous Employment at start of absence from work</b>	<b>Full Pay</b>	<b>Half Pay</b>
Less than 1 year	1 month	1 month
1 year but less than 2 years	2 months	2 months
2 years but less than 3 years	4 months	4 months
3 years but less than 5 years	5 months	5 months
5 years or more	6 months	6 months

In order to manage the University's sick pay scheme the University requires to maintain sickness absence records on individual members of staff. When making payments after the expiry of statutory sick pay the University will deduct an amount equivalent to any benefit normally payable by the Department of Work and Pensions. For full details on the general University policy in this area please refer to the Sickness Absence Management Policy at [www.strath.ac.uk/staff/policies/hr](http://www.strath.ac.uk/staff/policies/hr).

## 6. PENSIONS

If you are under age 75 at the date your appointment commences you will automatically become a member of the pension scheme operated by the University — the Universities Superannuation Scheme (USS). You will be admitted to the career revalued benefits scheme called the USS Retirement Income Builder; the contribution rate that currently applies is 6.1% of pensionable salary. A threshold applies to the maximum salary that counts towards the USS Retirement Income Builder. The current threshold from 1 April 2024 is £70,296 per year. Contributions based on salary above the monthly equivalent rate of the threshold are paid to the defined contribution section of the scheme called the USS Investment Builder. Please use the following link to access information, including the USS Member Guide: <https://www.uss.co.uk/for-members/youre-a-new-joiner>. The scheme booklet is called 'Your Guide to the Universities Superannuation Scheme'.

The University operates a salary exchange arrangement, Pensions Plus, for members of the USS. Pensions Plus enables pension contributions to be made in a manner so that both employees and the University can benefit from available National Insurance Contribution savings. You will be automatically included in Pensions Plus, provided it does not adversely affect your take-home pay or your ability to claim certain state benefits. If your earnings fall below the Pension Plus pay protection limit you will be opted out of Pension Plus. This will not affect your membership of the USS.

New members of staff may opt out of USS within three months of taking up appointment and will then be treated as if they had never been a member of the scheme. After three months members of staff who wish to withdraw from USS during their employment will be required to give a minimum of 28 days' notice in writing to the University. Any member of staff who wishes to opt out should contact the Pensions Section, Finance, in the first instance ([pensions@strath.ac.uk](mailto:pensions@strath.ac.uk)). Please note that if you are a member of Pensions Plus and withdraw from USS with less than two years of membership, or cease employment with the University and have less than two years of USS membership, the option of a refund of pension contributions will not be available to you. Instead, USS must provide you with a pension benefit that is payable from your Normal Pension Age. Regardless of whether you participate in Pensions Plus, if you are a member of the pension scheme for two years or more you are not entitled to a refund of pension contributions on leaving the scheme, you will be entitled to a pension benefit.

The University reserves the right to alter or withdraw Pensions Plus as it sees fit or as required to comply with legislative changes. Withdrawal or amendment of Pensions Plus will not affect your membership of USS. If you do not wish to participate in Pensions Plus but wish to remain in

the pension scheme please contact the Pensions Team who will provide you with a non-participation form.

Information regarding pension scheme membership can be found on the Pensions pages of the University's website. Full information regarding USS can be found on the USS website – [www.uss.co.uk](http://www.uss.co.uk)

## 7. PLACE OF WORK AND RESIDENCE

Members of staff will be based on the John Anderson Campus, unless otherwise stated in the letter of appointment. The Department/School in which the post is initially placed will be specified in the letter of appointment although there will be an expectation to work at such other places as required in the course of employment.

If the need arises for members of staff to work outside the UK for a period (or periods) of more than one month then such arrangements will be subject to mutual agreement. Members of staff would then be provided with a statement in advance setting out the terms covering such periods of employment.

The University does not normally place specific restrictions upon the place of residence of members of staff. All staff are, however, expected to reside in a location which is compatible with the satisfactory fulfilment of all the duties associated with their appointment.

## 8. CONSULTANCY/FURTHER ACTIVITIES

To support the strategic objectives of the University and to facilitate individual professional development, the University encourages staff to engage in professional activities with outside bodies related to their field of work. In many cases, such activity will be approved on the basis that it represents University knowledge exchange activity and should therefore be treated as part of the individual's overall workload and managed through the University's systems. It is also recognised that there will be some cases where an activity is entirely separate from the University and should thus be notified/approved as a personal business activity. For further information please refer to the "University Procedure in relation to Work for Outside Bodies including Consultancies", which forms part of the employment contract and can be accessed at [www.strath.ac.uk/hr](http://www.strath.ac.uk/hr).

## 9. DISCIPLINARY AND GRIEVANCE PROCEDURES

Further information on the University's disciplinary and grievance procedure can also be found at [www.strath.ac.uk/policies/hr](http://www.strath.ac.uk/policies/hr) or on request from Human Resources.

## 10. NOTICE AND TERMINATION

Members of staff are employed on the conditions indicated in individual letters of appointment and any accompanying papers. The University is not obliged to give notice of termination or continue any employment beyond the end of that period. Where the period of the contract of employment is for one year or less it may be terminated short of the fixed term period by one months notice on either side. Where the period of the contract of employment is for more than one year, or where there have been a further contract or series of contracts immediately consecutive, the employment may be terminated short of the fixed term period by three months' notice on either side, except during the probationary period when the notice period is one month.

If the appointment is for a fixed term it will expire at the end of the period without the necessity for notice.

Revised April 2024
